Report Type:

- ☐ Federal Member
- ☐ Ex-officio Member
- ☐ Regional Panel
- ☐ State ANS Management Plan
- ☐ Interstate ANS Management Plan
- ☐ Species Management and Control Plan

Are you a recipient of financial assistance from the U.S. Fish and Wildlife Service to implement ANS efforts?

- ☐ Yes
- ☐ No

Accomplishments or Ongoing Efforts

Project Name

Project Description (goals, activity, outcomes)

Status of Project

Start Date

End Date, if applicable

Supported ANSTF Strategic Plan Goals and Objectives (Select all that Apply):

☐ Coordination

Coordination Objectives

Strengthen the coordination capacity of the ANSTF
Evaluate the ability of statutory authorities, regulations, and programs
Facilitate the development and effectiveness of State and interstate ANS management plans
Coordinate the development and implementation of species control and management plans
Cooperate with nations that have neighboring waters and shared pathways

☐ Prevention

Prevention Objectives

Take steps to interdict specific pathways
Facilitate use of risk assessment and screening procedures to assess and prioritize pathways
Expand training and use of the Hazard Analysis and Critical Control Point (HACCP) program

☐ Early Detection / Rapid Response

Early Detection / Rapid Response Objectives

Facilitate surveys and monitoring to detect ANS
Make taxonomic and ecological information and expertise readily available
Increase public and industry involvement in EDRR programs
Facilitate development of rapid response contingency plans
Build capacity to respond rapidly to invasions

☐ Control

Control Objectives

Support and evaluate ANSTF-approved control and management plans
Increase invasive species training for natural resource managers
Evaluate the benefits and risks associated with the commercial harvest of ANS
Encourage an Integrated Pest Management (IPM) approach

☐ Restoration

Restoration Objectives

Restore impacted ecosystems
Provide technical assistance before, during, and after habitat restoration projects

☐ Education and Outreach

Education and Outreach Objectives

Increase understanding among the general public
Disseminate ANS outreach and technical guidance materials
Promote the use of guidance documents, BMPs, and other outreach materials
Promote awareness of the ANSTF and its activities

☐ Research

Research Objectives

Develop and maintain a list of ANS research priorities
Develop and maintain guidance documents, protocols, and BMPs related to ANS
Track the progress of research activities funded or prioritized by the ANSTF
Support development of socio-economic research
Support research on interdiction methods for specific pathways of ANS
Support efforts to identify gaps and expand research relevant to control and eradication
Encourage research to develop species invasion-risk forecast tools
Support existing databases and global database networks

☐ Funding

Funding Objectives

Secure dedicated, long-term funding for the ANSTF Strategic Plan actions
Optimize use of funding for ANS activities by engaging potential resources and programs
Develop a list of ANS funding priorities

Lead Organization

Partner Organizations

Funding Amount (if known) (*if project spans multiple years, break out funding by FY - if possible)

- ☐ Projected funded with USFWS Regional Panel Support
- ☐ Projected funded with USFWS State / Interstate State Management Plan Funds

Other Funding Sources

Specify, when applicable
